Dear Sir/Madam,

Abbey Wood Station Public Realm Improvements – Gayton Road Closure starting Monday 1st April 2019 for up to 6 weeks.

As part of the public realm improvements around Abbey Wood Station, from Monday 1st April 2019, work will take place to reconstruct the carriageway in Gayton Road between the Abbey Arms pub and Florence Road junction with Fendyke Road. This work is scheduled to take up to 6 weeks to complete.

Access to local facilities such as the train station, businesses in Wilton Road and Gayton Road car park will be maintained at all times. Wilton Road will become temporarily two-way for the duration of the Gayton Road closure, two parking bays will need to be suspended to provide adequate vehicle turning space but all other parking in Wilton Road will remain.

We will be monitoring the two-way road layout throughout the duration of this work to ensure it is working effectively, if this causes obstructions, we may have to change the parking arrangements.

The work will be carried out by the Council's contractor for highway works, F M Conway who can be contacted on **01732 600700**.

We shall be arranging for additional publicity/banners to advertise that businesses are open as usual in Abbey Wood Village.

We will do everything we can to minimise any disruption. London Borough of Bexley apologise in advance for any inconvenience that may result during the implementation of the scheme. If you have queries or special requirements, the Council construction team can be contacted on **020 8303 7777**. Please ask to speak with a member of the Gayton Road construction team. Alternatively email engineeringservices@bexley.gov.uk.

Yours faithfully
