

◀ THE FELIXSTOWE ROAD ENTRANCE IS CLOSING ▶

As part of the Crossrail project, Network Rail will be closing the Felixstowe Road entrance to Abbey Wood station on 02 April until the new station opens at the end of 2017.

We have included a map overleaf showing the walking route to the station over Harrow Manorway Bridge.

The entrance will be closed whilst we construct the new Crossrail tracks, platforms and two-storey station building.

From 2018 there will be an additional 12 trains an hour serving Abbey Wood, making journeys to central London and beyond quicker and easier for passengers from this station.

Thank you for your patience whilst we carry out these improvements.
